

# BETHEL RAYS OF HOPE MINISTRIES

May 2016

We would like to let you in on some of the exciting things that are up and coming at Bethel Rays of Hope Ministries.

**May 3** *Pastor and Mrs. Chamah* arrived into Winnipeg and are here for 3 weeks to meet with people and sponsors informing them of the exciting work that God is doing in Kisumu at both the orphanage and the school. They come with pictures and information to share about what life is like in the three slums right outside Bethel's gates. These areas are known for the high crime rate, the location of where you would find the home made brew, for prostitution, etc. This is also where the very poor live in contrast to the wealthy who do not come around these areas. Plan to come and hear one of the following sessions so that you can become informed and ask questions.

## **May 7<sup>th</sup> 8 am- Men's Breakfast**

Pastor Chamah will be meeting with the monthly Men's Breakfast at The Rock in Stonewall to share his testimony and talk to the men.

## **May 8 at New Life Church - Stonewall**

They will be sharing in both services "What in the world is it like to have no mother (or parent)?" There will be a lite lunch available for those who wish to chat with them for a bit after the service though we know that it is Mother's Day and many will have already made plans. So....

## **May 10 Tuesday at New Life Church**

**7pm** They will be sharing a detailed report of what is happening at Bethel and will take time to talk to us about the things that God is doing there and what is on their hearts. This will run as long as there are questions to be answered! If you are a sponsor, come and see the difference that your money is doing in the lives of these children.

## **May 13 & 14<sup>th</sup> - Garage sale at New Life Church.**

Drop off items for our huge garage sale at the beginning of the week and then come back Friday and/or Saturday and bring friends to help us sell our items. All proceeds go towards the building of the Boy's Dorm - Jan 2017

## **May 14<sup>th</sup> - our first Ray of Hope Run**

Starting at 10 am we will be leaving New Life Church for a 5 Km Walk, Jog, Bicycle Ride. Pastor Chamah will be leading the charge as he participates in the run. Please see the attached forms for information and the pledged sheet. We are hoping to have over 100 people joining us as we participate to raise money for Bethel. Please pass out the sheets to friends who you know that would like to support this worthy cause and help to find sponsors for those who are in the Run. We know that this is short notice but we have only just received permission from the Town of Stonewall to hold such an event.

But we also wanted to include the youngest generation so we are going to hold a walk, jog, tricycle ride for the younger children who are too young to go on the bigger ride. This will be held at the church in front on the pavement where they can do their own "Run" and the grandparents can encourage them on! The same sponsorship pages will be used for them.

## **May 15<sup>th</sup> Bethel Baptist Church 205**

Roseberry St. Wpg. They are speaking in the morning service followed by a potluck and a time of question and answer about the ministry.

## **May 29 New Life Church Teulon Mrs**

Chamah will be sharing in the morning service with the congregation some of the work and then more extensively over lunch. If you have missed out before, come to this final church service.

**For more information or to have them come to speak to your home group, please call 204-467-8033**
